

6300 Alderson Street  
Weston WI 54476

To: School Board Members  
From: Kristine A. Gilmore, Ed.D., Superintendent *KB*  
Subject: Policy & Rule 6114

---

Administration asks board approval for the attached new Policy and Rule 6114 to replace current policies 6114.3 and 6114.4. This is in compliance with Wisconsin statutes regarding safety and emergency plans, which are in place for each building.

INSTRUCTION

School Safety and Emergency Plans

The D.C. Everest School Board recognizes its responsibility to insure the safety of students and employees.

The superintendent will develop administrative guidelines establishing general rules and regulations relating to school safety.

## DRAFT

INSTRUCTIONSafety Program

The School Board has, as one of its primary concerns, the safety, health and physical well being of students, employees, and citizens using district facilities. To meet this concern, a school safety program shall be developed and implemented in the district. The safety program shall be designed to:

- Provide a safe and health school and work environment for students and employees.
- Protect the students, employees and other persons present on district property or at school-sponsored events to the extent reasonably possible.
- Comply with safety rules and regulations prescribed by state and federal agencies and by local agencies including the police, fire, civil defense and health departments.
- Minimize mechanical hazards and unsafe conditions in school facilities and on school grounds so as to prevent accidents.
- Inform students and employees of acceptable safety procedures and practices.
- Develop an attitude of safety-mindedness among students that will endure through their school experience and extend into their adult lives.
- Develop an attitude of safety-mindedness among staff that will help ensure a safe and healthful school and work environment, appropriate safety instruction, and enforcement of safe practices among students.

Building administrators shall be responsible for supervising the safety program in their assigned buildings and for keeping staff members informed of pertinent state and local regulations and recommendations relating to safety in the schools.
