SUBJECT: Acknowledgement

I would like to take this opportunity to acknowledge Mr. Boehm for his dedication and commitment to the students at DCE High School. Mr. Boehm makes it his mission, not only his job to offer students every opportunity to be successful. He presents himself to his students in a collaborative, respectful, caring manner, making them feel valued, while getting his point across.

Mr. Boehm worked closely with my son, _____; to offer him every opportunity to graduate, and understand that his high school graduation would be just the first stepping stone to his adult future. Mr. Boehm contacted me personally with follow up phone calls, updates, and took time to listen to my concerns as a parent.

Although the outcome was not what Mr. Boehm, _____'s father, and I had hoped for, I cannot begin to express my gratitude for Mr. Boehm's sincere efforts to get our son to see the light, and focus on his last few months of high school.

Mr. Boehm is an outstanding individual, and I am proud to have him in our community leading our youth. It is not everyday you meet an individual as caring, and determined to serve as Mr. Boehm. Please forward this acknowledgement to Mr. Boehm and the school board, from _____'s father and myself.

Sincerely,

Cc: DCE School Board
