CJ, soccer coaches, soccer team and workers at the WIAA Regional Soccer Game.

Thank you for always putting a positive foot and voice forward at the events you help with at DC Everest. I just want to share this positive note with you to let you know that your efforts are appreciated by the visiting coaches, teams, and spectators.

CJ, please share this note with your coaching staff, team and your boosters that worked the concession stand.

All their work, help and thoughtfulness is really appreciated.

Thanks again to all of you.

Jack

Jack,

Here is a portion of an email I received from my coach after our BSOC game last night, he wanted me to share this with you.

Lastly, I wanted to let you know how great our experience was at DC Everest. Every single person representing that school treated us with class and respect. Even in the frustration of a tough loss, it was refreshing to compete against a school with sportsmanship across the board. From the people at the gate, to the coaches, players, and even the fans after the game. If you have any opportunity to thank them and relay that message on to people who you are in contact with at DC Everest, please do so on behalf of our players, coaches, fans, and entire soccer program. I truly hope that their team goes a long way, because with the way they carried themselves tonight, they really deserve the success. -Coach Bush

Thanks for running such a class athletic program at DC Everest. We appreciate the competition you give us along with the great hospitality. Please share this email with everyone involved with the game last night. Sometime they thing people don't notice the great work they do, we would like to make sure they get a thank you from us.

Good luck the rest of the soccer season.-Ray
