

# Volunteers Needed!

## A Great Way To Become Involved in Your Child's Education and School

Utilizing the special talents of parent volunteers has been our goal for some time. For many years, we have had a successful parent volunteer program at D.C.E. Junior High. During the 2009-10 school year, we had well over 100 dedicated parents who truly made a difference for the kids in our school—from tutoring kids one-on-one, to copying and collating, to helping out at the History Day Fair, to driving kids to service projects, and so on. We are really indebted to them for the time and talents they shared!

We know that students learn best when everyone works together (e.g., students, parents, teachers) to encourage learning. We're excited about the volunteer program continuing into its next "season" during the 2010-11 school year!

If you are interested in adding your name to the list of parents who will be contacted to volunteer during this up-coming school year, please complete and return the bottom portion of this letter. You can send it to our school's principal, Mr. Steven Pophal, at D.C.E. Junior High, 1000 Machmueller St., Weston, WI 54476, or have your son/daughter bring it to his/her homeroom teacher or the office during the first week of school.

As teachers have needs for volunteers during the year, they will call to see if you are available. Some jobs may be quick, and others may require more time. Some jobs may involve direct student contact, and others may not. Some jobs may need to be done at school, and others may be done at home.
