AFTER-SCHOOL HOMEWORK CLUB

We will be starting Homework Club for students in grades 3,4, and 5 the week of October 17. It will run on Tuesdays and Thursdays from 3:45-4:45. A parent may request that their child attend Homework Club to get help by sending a note to school with their child. Teachers can also request that a student attend Homework Club. Students who attend must be picked up by parents by 4:45pm. **Homework Club is optional until a student has 3 missing assignments in 2 weeks and then it becomes mandatory.** The school's calendar needs to be checked to make sure Homework Club is meeting. There are some dates on Tuesdays and Thursdays when we have activities going on and it won't be offered, i.e. Parent/Teacher conferences and the PTO Fall Festival.

BOX TOPS FOR EDUCATION

Thank you for saving box tops for Riverside school! Please continue to collect box tops and hand them in to your teachers. Each month there will be small prizes for the classrooms collecting the most box tops. At the end of each quarter (November, February, May), the class with the most box tops will win an ice cream sundae party. Make sure you put your teacher's name on your bag of box tops.

BIRTHDAY BOOKS

Is your child celebrating a birthday soon? We strongly urge you to donate a copy of your child's favorite book to the library collection. When you donate a book, we will place a bookplate inside with your child's name and birthday. By donating a book to your school library, you are giving "the gift that keeps on giving."

Why is Reading Important for Young Children?

1. The development of early literacy skills through early experiences with books and stories is critically linked to a child's success in learning to read.
2. Children who are read to from an early age are more successful at learning to read.
3. "...reading aloud to children is the single most important intervention for developing their literacy skills," according to a study by the National Commission on Reading.

NOTICE

Pest Management & Pesticide Use Notification

The D.C. Everest School District incorporates Integrated Pest Management (IPM) procedures as set forth by the State of Wisconsin Department of Agriculture, Trade and Consumer Protection for the control of structural and landscape pests. The objective of IPM is to provide necessary pest control while minimizing pesticide use. Contact Jeff Belott, 359-4221, Ext. 4103, for further information.

NOTIFICATION OF ASBESTOS

Since the summer of 1988, when the D.C. Everest Area School District completed a comprehensive inspection of district buildings to determine the presence of asbestos containing material, initiatives to eliminate and control the presence of asbestos have been implemented. Some amounts of asbestos containing material remain in district buildings. District personnel periodically re-inspect the buildings and prepare reports to identify the specific location and amount of asbestos and to detail response action. During the summer of 2009, NorthStar Environmental Testing conducted a three-year inspection. The district received the updated report.

An Asbestos Management Plan is on file and available for inspection in the Principal's Office of each school. The management plans for all schools are available for inspection in the office of Jeff Belott, 6500 Alderson Street, Weston, Wisconsin 54476. Phone (715) 359-4221, Ext. 4103.
