

# Mountain Bay 2009-2010 School Supply List

Many times, materials and supplies that are brought to school are not useful. In general, students only need basic school supplies. Students in the upper grades will need additional items that are not required for a student in the primary grades. We hope the following will help you. Individual teachers may have a few additional items, which you will be informed of in the fall. Also, be prepared to replace any of these items when they become unusable or lost.
